Job Title: High School Catholic Math Teacher

Location: Notre Dame High School

## Job Summary:

The Math Teacher at Notre Dame High School will instruct students in various mathematical concepts from algebra to calculus. This role is suited for an analytical thinker who can simplify complex mathematical theories and integrate them with real-world applications and Catholic values.

## Key Responsibilities:

- Curriculum Development and Instruction: Create and deliver a math curriculum that is challenging and adheres to educational standards.
- Student Engagement: Engage students with innovative teaching techniques to enhance problem-solving and analytical skills.
- Assessment and Evaluation: Administer assessments to monitor student progress and understanding of mathematical concepts.
- Student Support and Advising: Support students through tutoring and academic counseling, helping them achieve their full potential in math.
- Faith Integration: Highlight the logical and abstract beauty of mathematics as a reflection of divine order.
- Professional Responsibilities: Keep accurate and comprehensive records of student performance, collaborate with colleagues on curriculum planning, and pursue professional development opportunities.
- Innovation and Improvement: Stay abreast of the latest educational technology and methodologies in mathematics teaching.

## Requirements:

- Bachelor's or Master's degree in Mathematics or a closely related field.
- Valid teaching certificate with a math endorsement.
- Proven experience as a math teacher at the high school level.
- Strong grasp of Catholic educational principles and their application.
