

Saint Jeanne de Lestonnac Catholic School has been serving the Temecula Valley since 1999. Following in the pedagogy of Saint Jeanne de Lestonnac, foundress of the Sisters of the Company of Mary, the school provides a quality academic, and faith-filled environment promoting the growth of the whole child ages preschool to eighth grade. In the fall of 2017, the school community will welcome a freshman class to begin an inaugural year in secondary education.

Educators ministering at Saint Jeanne de Lestonnac Catholic School imbue the mission “to offer a Christian humanist education which, from the perspective of the dialogue between faith-justice, faith-culture, faith-science and technology, has an impact on the integral formation of persons and on the transformation of society.” – II Meeting for Directors and Management Centers of Formal Education, Medellin (Colombia), July 2010.

If you are committed to journeying with students (and parents) in promoting growth of mind and spirit; if you believe that each child is a unique gift with vast potential; if you are dedicated to the formation of well-balanced minds rather than full heads, then we are delighted that you have chosen to apply for a position at Saint Jeanne de Lestonnac.

In Greater Service for the Glory of God
