POVERTY SIMULATION

10:00 to 1:00 p.m.

Lunch included

The Poverty Simulation is a role playing experience that offers the opportunity to learn more about the realities of living in conditions of poverty.

Participants enter the workshop with an assigned identity and family profile through which they experience “one month” of poverty compressed into the real time of the simulation.

This experience opens our eyes to the human cost of poverty. The power of this unique learning resource is that it creates, like no other method, insight into the state of chronic crisis that consumes so many working poor families.

SERRANO HIGH SCHOOL

9292 Sheep Creek Rd., Phelan, CA 92371
